ÉDUCATION

2020 - Maintenant

Computer Engineering (IA) Bachelor Degree

Ecole Supérieure Privée d'Ingénierie et de Technologies / ESPRIT, Tunis

2017 - 2018

Advanced Level GCE Certificate

Amasia Bilingual Secondary School / ABSS, Yaoundé

COMPÉTENCES

- | | |
|-------------------------------------|-------------|
| • Communication | Experienced |
| • Teamwork | Experienced |
| • Adaptability | Experienced |
| • Problem-solving | Experienced |
| • Time Management | Skillful |
| • Leadership | Skillful |
| • Resilience | Skillful |
| • Project Management | Skillful |
| • Computer Vision | Experienced |
| • Generative AI | Experienced |
| • Machine Learning | Experienced |
| • Data Analysis | Experienced |
| • Lidar Processing | Experienced |
| • Research Skills | Skillful |
| • Software Development | Experienced |
| • Deep Learning | Skillful |
| • Natural Language Processing (NLP) | Skillful |

EXPÉRIENCE

- 2023 - Maintenant
Data Analyst Instructor
Logonedigital / Cameroon, Online

LES STAGES

- 2023 - Maintenant
Powerlines Detection using LiDAR
Hydroquebec & ESPRIT TECH / Canada & Tunisia, Remote
Research project : Exploring a novel way of classifying powerlines cables from 3D points cloud captured with LIDAR.
- 2023 - 2023
Enhanced Table Extraction from pdf/images
ELYADATA / Tunisia, Tunis
Fine-tuning microsoft table transformer for table detection on a custom dataset.
- 2023 - 2023
Enhanced Image Generation
ESPRIT TECH / Tunisia, Ariana
Enhancing image generation from real estate descriptions by developing a pretraining pipeline. Gained valuable experience in generative AI and natural language processing.
- 2022 - 2022
IRIS Platform
ESPRIT TECH / Tunisia, Ariana
Development remotely with Symfony 5 of a showcase platform for the IRIS research laboratory.

PROJECTS

- 2023 - Maintenant

RÉCOMPENSES

- Africa To Silicon Valley (A2SV) - Generative AI Hack - 1st / 866 teams - 47 Countries
- AIHACK - Machine Learning - DeepFlow - 3rd / 20 teams
- HEDERA HACKATON - BLOCKCHAIN - 2nd / 21 teams - 9 countries

COURS

2024

Certified SQL (Advanced)

HackerRank

2023

IBM Professional Machine Learning Certificate

Coursera

2023

Fundamentals of Deep Learning

NVIDIA DLI

LANGUES

- French - Native Language (written/spoken)
- English - Native Language (written/spoken)

LOISIRS

- Apologetics
- Photography

LinkAge

Tunisia, Ariana

Developed a web application that provides descriptive and predictive information on traffic accidents in the United Kingdom, utilizing Power BI and machine learning as the primary tools.

2022 - 2023

Data Analytics and Business Intelligence Application Tunisia, Ariana

Developed a web application that provides descriptive and predictive information on traffic accidents in the United Kingdom, utilizing Power BI and machine learning as the primary tools.

2023 - 2023

VISIONARY - Visually Impaired Assistance App (AI Project) Tunisia, Ariana

Project focused on enhancing supermarket navigation for the visually impaired using YOLO-powered computer vision technology.

2023 - 2023

XOXO - Smart Beauty Shop - Informational System for management (Web + Desktop) Tunisia, Ariana

Development remotely with Symfony 5 of a showcase platform for the IRIS research laboratory.

2023 - Maintenant

CogniPath Ethiopia, Addis Ababa

VOLUNTEERING

2022 - Maintenant

Student Monitoring and Support Supervisor International Department, ESPRIT

Administratif service in charge of International Students.

2021 - 2023

Marketing Manager Club Coexister, Club Interculturel, ESPRIT

Social club experience.

2021 - 2022

Community Manager Jeunesse de Sainte Jeanne d'Arc, Tunis

Social club experience
